Dear all,

We regret to inform you that we will be **postponing** the Z6IST originally scheduled for the **14th-21st July 2021** to the **22nd-28th December 2021**. Due to increased COVID-19 cases and restrictions some of the NBOs are facing, we feel that it will be more prudent to postpone the trials to a latter date since the World Bridge Team Championships have similarly been postponed to end March-early April 2022.

The format of the Z6IST will be 2 full Round Robins and the top 3 teams of each category will be selected to represent zone 6 in the upcoming World Bridge Team Championships.

We have done away with the traditional knockout rounds featured in the APBF Championships as we will not be inviting other NBOs from other zones to take part in the Z6IST.

We sincerely apologize for any inconvenience caused by the postponement and we seek your understanding on the matter.

Best regards,

Kelvin Ong

Chairman

Z6IST Organising Committee
